- thermoplastic universal extruder system (MultiDotLine®)

17<sup>00</sup> End of show

# HOFMANN Expo 2023

30. Nov. 2023 • 8<sup>00</sup> - 17<sup>00</sup>

## HOFMANN Expo 2023 – The world’s most important trade fair for road marking technology

On 30 November 2023, world-class road marking technology specialists will convene for this year’s HOFMANN Expo.

For the 24th time, the global player HOFMANN Road Marking Technology invites high-level trade professionals from all over the world to its company site in Rellingen, Germany. In doing so, this family company cements its positions as the home and innovation centre of the industry.

HOFMANN Expo brings together global developments and future visions from the industry. The exciting event programme includes engaging talks given by international experts, exchanges of technical ideas between various professional groups, and demonstrative presentations of the latest technologies – as ever, simultaneously interpreted into the main languages of German, English, Spanish, French and Russian.

On nearly 40 trade fair stands the industry’s key players are represented.

In 2022, more than 700 visitors from over 65 countries and almost 200 companies met in Rellingen.

To conclude the event, the after-work dinner at the “Road Markers Pub & Restaurant” offers around 300 guests the opportunity for informal networking.

„HOFMANN Expo is the world’s biggest trade fair and conference for road marking technology in theory and practice“

Torsten Pape

Along with our four main sponsors we are looking forward to this year’s industry highlight!
